## 2020 Dry Muscat • Muscat Canelli

As with many vineyard operations in Sonoma County, 2020 proved to be a very challenging year. Another round of devastating wildfires ripped through the region and the majority of would-be grape yields fell victim to smoke taint.

The 2020 Dry Muscat, with its thicker skin and large clusters were thankfully not affected by the fires. This vintage was our second attempt to make a dry-style wine from the very small planting of Muscat Canelli vines we have on our property. The end result is a wine that defies all common preconceptions of Muscat or Muscato. Light, floral and exploding with perfumed notes of jasmine and honeysuckle, this wine hints at sweetness but that illusion is whisked away once the flavors hit the palette. Think of this wine as the perfect accompaniment to any food pairing that has a little bit of spicy heat behind it — as the previously mentioned illusion of sweetness is the ideal counterbalance.

Enjoy!
